A : Addition +
S : Subtraction -

Types of Graphs.... Page 5 Lesson 1.5

Range: we find the range by taking the lowest score from the highest score

$$\text{Range} = \text{highest score} - \text{lowest score}$$

Mean: the sum of the scores divided by the number of scores

Sum of scores: mean x number of scores

Mode: most popular score

Median: is the middle score when a set score is written in order

Average: total divided by number of items
